

New Heart Pine Flooring

Premium Longleaf Pine. Tight grain. Warm character.

Our New Heart Pine is manufactured from premium Longleaf Southern Yellow Pine sourced from a trusted supplier in Alabama. Its tight grain and warm amber tones offer an appealing newly milled alternative to reclaimed pine.

Construction	¾" solid, unfinished wood
Widths	2¼", 3¼", 4", 5", 6", 7", 8"; Vertical Grain primarily 2¼" and 3¼"
Lengths	Random up to 10'; subject to material availability and milling yield
Grades	Select & Better, Select & Better - Vertical Grain, Character, Character & Better / Mill Run

CUTS & APPEARANCE

- Vertical Grain: straight, even grain lines with minimal cathedral patterns.
- Select & Better: a cleaner appearance with fewer knots and defects.
- Character and Mill Run: a broader natural mix of knots, markings, and color.

MILLING & QUALITY

Tongue-and-groove profiles, stress-relief grooves, kiln-dried material, and careful grading. End-matching is standard on most grades and widths; confirm project requirements. New Heart Pine is outside the NOFMA program and is manufactured with the same care and milling discipline.

PLAN YOUR PROJECT

- New Heart Pine is newly milled Longleaf Pine, not reclaimed material. Ask for samples of the intended grade, especially when matching an existing floor. For maximum dent resistance, compare Oak or Hickory.
- Confirm current supply, grade, width, quantity, and timing with our team before ordering. Flooring is supplied unfinished; installation and finishing should be planned with your flooring professional.
