

Southern Yellow Pine Flooring

Traditional Southern character. Premium milling.

Our Southern Yellow Pine flooring brings warmth, character, and value to Southern homes, cottages, cabins, and custom interiors. We manufacture it with the precision and care we bring to our hardwood flooring.

Construction	¾" solid, unfinished wood
Widths	2¼", 3¼", 5", 7", 9", 11"
Lengths	Random up to 10'; subject to material availability and milling yield
Grades	Select & Better (Clear), Character (Knotty)

CUTS & APPEARANCE

Select & Better: a cleaner appearance with minimal knots.

Character: natural knots and traditional pine character.

Ask about custom grades, heart-content requirements, and widths.

MILLING & QUALITY

Tongue-and-groove profiles, stress-relief grooves, kiln-dried material, and careful grading. End-matching is standard on most grades and widths; confirm project requirements. Southern Yellow Pine follows its own grading system, with nested random-length bundles.

PLAN YOUR PROJECT

Southern Yellow Pine and New Heart Pine are separate offerings with different sourcing, grade choices, and widths. Our team can help compare samples and current availability.

Confirm current supply, grade, width, quantity, and timing with our team before ordering. Flooring is supplied unfinished; installation and finishing should be planned with your flooring professional.
